K150 BLENDER PRODUCT FACT SHEET

The new K150 Blender introduces a world of new creative and healthy possibilities with the perfect ice-crushing blender for your best tasting smoothies.

PRODUCT BENEFITS:

- **Crush Ice in Less Than 10 Seconds**
Achieve ideal taste, texture, and consistency for your best-tasting smoothie with the ability to crush ice in less than 10 seconds.*
**Half tray of ice*
- **Unique Asymmetric Blade**
Create your perfect taste and texture with a blade specially designed for crushing ice. The unique asymmetric blade blends at four distinct angles to pull ice into the center for ultimate crushing.
- **Optimal Blending Speed**
The Intelli-Speed® Motor control senses the contents and maintains the optimal speed to power through all ingredients.
- **Fully Blend with Less Mess**
The Soft Start® feature starts the motor at a slower speed to pull food into the blade and then quickly increases to the selected speed setting.
- **Easy-to-Clean Durable Jar**
BPA-Free, Dishwasher-safe 48 oz blender jar with easy-off lid.
- **Ice-Crush Setting + 3 Speed Options**
Optimally designed ice crush setting in addition to 3 different speeds for your perfect blend no matter the ingredients.
